## SHIPPING BOARD PROVIDES BOATS FOR ISLAND RUN

That the federal shipping board is  
constant of the Hawaiian sugar trade  
and intend to supply bottoms for its  
transportation is indicated by reports  
from San Francisco of arrangements  
being made to turn vessels over to the  
Matson company.

One of the new freighters given to  
the Matson company is the new  
steamship *Saturn*, which is expect-  
ed to arrive Saturday or Sunday with  
7000 tons of general cargo. It is also  
reported that the motor ship *City* of  
Portland and *S. I. Allard* will be  
turned over for the Honolulu service.  
It is understood the charters of these  
two vessels to the American Trading  
Co. for voyages to Australia have  
been canceled, and instead they will  
bring down general cargo to Honolulu  
and load sugar here, proceeding to the  
Atlantic through Panama canal.

Another boat which is reported  
will be turned over to the Matson com-  
pany for island trade is the steamship  
*Juno* of the Alaska Steamship Co.  
She is expected to San Fran-  
cisco Dec. 16 from Puget sound.

## SCOUTS MAY BE TAKEN INTO FEDERAL SERVICE

That the Boy Scouts of America  
will soon be taken into federal service  
and used for communication duty was  
the news read at the annual scout  
meeting held on the Young hotel roof  
last night. A letter from James Wild-  
er, former scoutmaster here, and now  
commissioner of Sea Scouts, informed  
the local Scouts that the federal  
government was planning to utilize  
the services of the lads, keep them in  
uniform, and in other ways make  
them a part of the national war move-  
ment, although they were to be used  
for a non-military purpose.

The new officers named at the  
meeting last night are: President,  
Sanford B. Dole; vice presidents, Dr.  
J. S. B. Pratt, A. L. Castle and George  
Denison; executive, R. N. Burnham;  
commissioner, Harry S. Hayward;  
executive committee, John Guild, W.  
F. Dillingham, James Rath, William  
Thompson, P. M. Pond. The Hawaiian  
Trust Company was elected to act as  
treasurer for the organization.

Addresses were made by S. B. Dole,  
James Rath, Dr. J. S. B. Pratt, Capt.  
W. H. Foster and A. H. Ford.

## LOCAL FIELD ARTILLERY ENDOWS BEDS IN PARIS

Proceeds of the big Red Cross en-  
tertainment given by the men of the  
1st and 9th Field Artillery at Scho-  
field Barracks have been given to en-  
dow three beds for three years each in  
the American hospital in Paris. They  
are said to be the only hospital beds  
in Europe endowed by enlisted men  
from the American army.

Over each of the three beds is the  
name plate of the 1st and 9th Artil-  
lery, along with the name plates of  
big corporations and men and women  
of wealth. The endowment of the  
beds took \$3600 of the sum realized,  
the total of which was \$4800. Of the  
remainder \$500 was given to the  
Schofield gymnasium for the purchase  
of equipment and such gymnastic ap-  
paratus as needed, and \$450 to pur-  
chase surgical dressings to be sent to  
Paris. A donation of \$250 was made  
to the American Red Cross.

## THE LAST EXAMINATION OF WAR'S DRAFT

Many a man has fallen down  
because a test of his water showed  
unmistakably that he had kidney dis-  
ease.

The kidneys are the scavengers and  
they work day and night in separ-  
ating the poisons from the blood. Their  
signals of distress are easily recog-  
nized and include such symptoms as  
backache, depressions, drowsiness,  
irritability, headaches, dizziness, rheu-  
matic twinges, dropsy, gout.

"The very best way to restore the  
kidneys to their normal state of  
health and cure such symptoms," says  
Dr. Pierce of Invalids' Hotel, Buffalo,  
N. Y., "is to drink plenty of water and  
obtain from your favorite pharmacy a  
small amount of Anuric double  
strength, which is dispensed by almost  
every druggist." You will find Anuric  
more potent than lithia, dissolves uric  
acid as water does sugar.

Send Dr. Pierce 10c for trial pkg.  
and ask for advice if there is need.
